

Display resolutions that are supported by the RZ/G2L and RZ/G2LC (Portrait LCD)

Last Updated: 11/19/2024

Question:

The RZ/G2L manual lists the supported display resolution as 1920 x 1080 pixels, but is it possible to display 1080 x 1920 pixels by swapping the height and width?

Answer:

Yes, 1080 x 1920 is also supported.
